******** HAS CAREER OF LARRY LAJOIE ENDED!

Larry Lajole's baseball career probably ended with last season. The big Frenchman has been drawing \$9,000 a season for the last three years, but with the close of the 1916 season that agreement expired. Connie Mack paid only half of the amount mentioned, the Claveland club standing for the other half.

Claveland club standing for the other half.

It is certain that Mack will not retain Jajoic, for he intends to build up a team with youngsters.

Lajole came into the National League in 1896. He was a member of the Fall River team at the time. The Philadelphia National League club sent a scout there to look over Phil Geier, a Washington boy, and Lajole was thrown in for good measure in the deal for Geier.

In due time Lajole became one of the most famous of players.

George Stallings, who managed the Phillies at one time, was responsible for the placing of Lajole at second base, where he became famous because of his graceful fielding and his territe batting.

It is not likely that Lajole will be picked up by any other major league club, now that he is a free agent, and he is not apt to go to any minor league, for his salary demands would be too high, though he could both play and manage a team.

Lajole is a man of wealth. He has drawn big salaries for many years, and he has been of a saving disposition, and is reported to have a lot of his money well invested.

Toledo has a new football star who is making the gridiron game a popular sport on the banks of the Maumee. The thriller is Johnny Farrett, who played quarterback for Wash-ington and Lee last season and startled the country by scoring twenty-one points against Cor-

runner, but needs lots of inter-ference. Barrett scored three touchdowns against the Tellings of Cleveland on Sanday.
